

WBIDC which plays a pioneering role in development of industrial infrastructure and industries in West Bengal has set up Vidyasagar Industrial Park near Kharagpur. Spread over 1150.269 acres of land, the Park is being developed mainly for industrial manufacturing/engineering units, including their vendor parks etc.

Tractors India Limited received 104.30 acres of land in Vidyasagar Industrial Park, Kharagpur. With a proposed investment of Rs. 434.80 crores, Tractors India Limited would setup a Greenfield Manufacturing Facility at Vidyasagar Industrial Park for Material Handling Solutions. With large scale ongoing investment in infrastructural development, the demand for building and construction materials is on a rise. This state-of-the-art multifarious facility will comprise manufacturing of Crane Equipment, Port and Yard Equipment and would generate an employment of 3000 people.

The project would involve two different Plants [Manufacturing Units] which would be self-contained and independent to each other. Each of these Plants will consist of Metal Preparation & Cutting Unit, Fabrication Unit and Assembly Unit with a combined installed capacity of 3400 T of Crane Equipment manufacturing and 4500 T of Port and Yard Equipment manufacturing.

WBIDC has already handed over the possession of said land to TIL. **The lease deed against the said land was signed on 25/08/2011, in presence of Hon'ble MIC, Commerce & Industry dept.**
