174	UPS & AV Power Distribution – ITC	UPS backup and technical power distribution for banquet AV systems. DG sets and bulk UPS under Event-Wide "DG Set – Event-Wide" / "UPS – Event-Wide".	1	L.S.	1
175	Event Management & Protocol Coordination – ITC	On-ground event manager, protocol coordinator, technical manager and hospitality supervisors, incl. cueing and liaison with hotel/security.	1	L.S.	
D	**MILAN GROUNDS**				
	Inaugural Hall – Hall B	**Area heading – priced through the component lines below. Inaugural hall approx. 104 m × 62 m (approx. 6,500 pax capacity; seating for approx. 6,000 pax) incl. stage, LED, sound, lighting, seating, branding and décor.**			
	Stage & Platform				
176	Main Stage Platform – Hall B	Heavy-duty modular stage platform, 200 m × 10 m × 1.2 m (H), load capacity 800 kg/sqm, with carpeted top, standard skirting, access steps and ramp. Construction: 100 mm thick wooden platform with double-ply top finish, including supporting framework, levelling and complete installation.	200	Sq.M.	1
177	Speaker Podium – Hall B	Branded speaker podium/lectern for Hall B stage. Microphone listed separately ("Podium Microphone – Hall B").	1	Nos.	5
178	Accessibility Ramp – Hall B Main Stage	Ramp access approx. 10 ft wide on two sides of the main stage, approx. 9 m × 2.4 m × 4 ft (H), with anti-skid carpet, handrails and edge protection.	2	Nos.	1
179	Embedded LED Strip Lighting – Hall B Stage	LED light strips embedded aesthetically into stage fascia/steps, DMX/controller operated, flicker-free.	2000	Nos.	1
	Backdrop / Scenic / Fascia				
180	Centre LED Wall Support Structure & Scenic Surround – Hall B	Ground-supported structural frame with finished scenic surround/masking for the 20 m × 5 m centre LED wall; fire-retardant. LED display hardware excluded (see "Centre LED Wall – Hall B").	100	Sq.M.	5
181	Customised Stage Fascia – Hall B Main Stage	Customised printed/scenic fascia panel on main stage front face, over the standard skirting in "Main Stage Platform – Hall B". High-resolution 280–300 GSM fabric print, neatly mounted on the specified surface/structure with clean joints and finished edges.	40	Rmt.	1
182	Comfort Monitor Casing – Hall B Stage	Casing/housing for stage comfort monitors, finished to match stage. Display excluded (see "Comfort Monitor – Hall B Stage").	3	Nos.	5
183	Rear Scaffolding Masking & Branding – Hall B	Printed fire-retardant branding/masking behind stage scaffolding approx. 200 ft × 24 ft, on support frame. High-resolution 280–300 GSM fabric print, neatly mounted on the specified surface/structure with clean joints and finished edges.	4800	Sq.Ft.	1
184	Side Closing Panels – Hall B Stage	Printed fire-retardant side-closing panels approx. 10 ft × 24 ft (2 Nos.) on support frame. High-resolution 280–300 GSM fabric print, neatly mounted on the specified surface/structure with clean joints and finished edges.	480	Sq.Ft.	1
185	Stage Branding Elements – Hall B	Stage-front and dais branding elements (logos, fascia graphics) as per approved artwork. Graphic treatment to use high-resolution 280–300 GSM fabric print, neatly mounted with clean joints and finished edges.	1	Job	1
	LED / Displays				
186	Centre LED Wall – Hall B	Indoor LED display approx. P2.6 or finer, 20 m × 5 m, high refresh rate, camera-friendly, with LED modules, mounting interface, power/data distribution and spares. Support structure ("Centre LED Wall Support Structure & Scenic Surround – Hall B"), processor ("Centre LED Wall Processor – Hall B") and operator ("LED / Video Engineer – Hall B") listed separately.	100	Sqm	5
187	Side LED Walls – Hall B (Left & Right)	Indoor LED display approx. P2.6 or finer, 2 Nos. (left and right of main stage), 5 m × 5 m each, total display area 100 sqm; with ground/flown support structure, mounting, power/data distribution and spares. Separate from centre LED wall ("Centre LED Wall – Hall B"); includes video processing for the side walls (not included in "Centre LED Wall Processor – Hall B").	50	Sqm	5
188	Delay LED Screen – Hall B	Indoor LED display approx. P2.6 or finer, 5 m × 3 m each, with ground/flown support, mounting, power/data distribution and spares. Processor listed separately ("Delay LED Screen Processor – Hall B").	60	Sqm	5

189	Comfort Monitor – Hall B Stage	Approx. 55-inch professional display with connectivity, for stage confidence viewing. Casing under “Comfort Monitor Casing – Hall B Stage”.	4	Nos.	5
190	Preview Monitor – Hall B	Full HD preview/programme monitor approx. 24–27 inch with mounting.	1	Nos.	5
191	Glass Teleprompter – Hall B	Dual beam-splitter glass teleprompter with monitors, prompting software and laptop; incl. dedicated prompter operator.	2	Nos.	5
192	Podium Confidence Monitor (17-inch) – Hall B	17-inch confidence monitor at podium with mounting and signal connection.	2	Nos.	5
	Video Processing / Playback				
193	Centre LED Wall Processor – Hall B	LED video processor/scaler compatible with the centre LED wall, main/backup configuration.	6	Nos.	5
194	Delay LED Screen Processor – Hall B	LED video processor/scaler compatible with the delay LED screens.	4	Nos.	5
195	HDMI Distribution Amplifier – Hall B	HDMI distribution amplifier/splitter supporting 4K/1080p, with signal extension for long runs.	1	Nos.	5
196	Media Server – Hall B	Multi-display media/playback server with licensed show-control software, main and backup.	2	Nos.	5
197	Presentation Switcher – Hall B	Seamless presentation switcher/scaler with preview/programme operation and redundant routing.	2	Nos.	5
198	Presentation Laptop (Windows) – Hall B	Current-generation laptop for presentation/playback, Windows OS with MS Office 365, with adaptors.	2	Nos.	5
199	Presentation Laptop (macOS) – Hall B	Current-generation macOS laptop (MacBook Pro or equivalent) with Keynote, with adaptors.	1	Nos.	5
200	Video Signal & Data Cabling – Hall B	Video signal, data and control cabling for Hall B video systems, with cable management and on-site spares.	1	L.S.	5
201	Cue Light System – Hall B	Presenter cue light system with operator control unit and visual cue indicators.	1	Nos.	5
	PA / Audio				
202	Main PA Speaker System – Hall B	Line-array/point-source FOH loudspeaker system for approx. 6,000 pax, with processing, rigging and system tuning. Subwoofers (“Subwoofer – Hall B”), console (“Digital Audio Console – Hall B FOH”) and engineer (“Sound Engineer – Hall B”) listed separately. (EAW/Sony/JBL or equivalent sound system)	12	Nos.	5
203	Subwoofer – Hall B	Subwoofers integrated with Hall B main PA.	1	Sets	5
204	Power Amplifier / DSP – Hall B	Power amplifiers/DSP matched to the main PA system, with protection.	2	Nos.	5
205	Delay Speaker – Hall B Position 1	Delay loudspeakers with processing and support, for rear audience coverage at Position 1.	8	Nos.	5
206	Delay Speaker – Hall B Position 2	Delay loudspeakers with processing and support, for rear audience coverage at Position 2.	8	Nos.	5
207	Delay Speaker – Hall B Position 3	Delay loudspeakers with processing and support, for rear audience coverage at Position 3.	6	Nos.	5
208	Centre-Fill Speaker – Hall B	Front/centre-fill loudspeakers matched to main PA, for front seating.	4	Nos.	5
209	Stage Monitor – Hall B	Stage monitor wedges with amplification, independently mixed.	8	Nos.	5
210	Media Audio Distribution Box – Hall B	Press audio distribution box with isolated outputs for media feeds.	2	Nos.	5
211	Intercom System – Hall B	Wired/wireless full-duplex intercom for show calling and technical teams; per beltpack/station.	8	Nos.	5
212	Audio Cabling – Hall B	Microphone, speaker and audio signal cabling for Hall B sound system, with cable management.	1	L.S.	5
213	Backup / Standby PA System – Hall B	Standby professional loudspeaker system with amplification, pre-rigged for instant changeover.	16	Nos.	5
214	Live Feed Distribution to Listening Rooms – Hall B	Audio/video live feed of proceedings to listening rooms and country offices, incl. encoders, displays and cabling. 6 camera	1	Nos.	5
	Microphones				
215	Podium Microphone – Hall B	Gooseneck podium microphone, approx. 21-inch, incl. spare. (Shure/Senheiser or equivalent)	4	Nos.	5
216	Wireless Handheld Microphone – Hall B	Wireless handheld microphone system with receiver. SM 58	8	Nos.	5
217	Dais Conference Microphone System – Hall B	Digital conference system with chairman/delegate gooseneck units embedded in dais table, central control unit, camera-tracking interface and operator. Qty to match final dais seating.	1	Nos.	5
218	DI Box – Hall B	DI boxes for laptops, instruments and playback devices.	2	Nos.	5
219	Wireless Lapel Microphone – Hall B	Wireless lapel microphone system with receiver.(Shure/Senheiser or equivalent)	6	Nos.	5
	Simultaneous Interpretation – Hall B Inaugural Hall				
220	Simultaneous Interpretation Booth – Hall B Inaugural Hall	Soundproof simultaneous interpretation booth of international conference standard, complete with interpreter console/desk, required audio interface, cabling, power supply, ventilation and all accessories for integration with the Hall B conference sound system.	10	Nos.	5
221	Interpretation Transmitter / Central Control Unit – Hall B Inaugural Hall	Central interpretation transmitter / control unit for the Hall B Inaugural Hall booths, integrated with the Hall B conference sound system. Interpretation system (Infra-red based) sound system (for simultaneous interpretation) -16 channels/ Auditel Rate (per day, per unit)	20	nos.	5
222	Signal Distribution / Infrared Radiator System – Hall B Inaugural Hall	Infrared radiator / signal distribution system providing interpretation coverage to the Hall B first-row VVIP seating, with mounting and cabling.	1	Sets	5
223	Interpretation Receiver with Headphone – First Row VVIP Dignitaries	Wireless / infrared interpretation receiver with premium headphone for simultaneous interpretation access for first-row VVIP dignitaries seated in the Hall B Inaugural Hall, including distribution, collection, charging/battery support and integration with the interpretation system. (Senheier/Shue/Bose)		Nos.	5
	Lighting				
224	RGBW LED Par – Hall B	RGBW LED PAR fixtures, DMX-controlled, flicker-free.	48	Nos.	5
225	Warm-White LED Par – Hall B	Warm-white LED PAR fixtures, high CRI, flicker-free, with barn doors.	24	Nos.	5
226	Moving Head Beam – Hall B	Moving-head beam fixtures with colour/gobo effects, DMX-controlled.	18	Nos.	5
227	Moving Head Wash – Hall B	Moving-head wash fixtures with colour mixing, flicker-free, DMX-controlled.	24	Nos.	5
228	Profile Spot – Hall B	Profile spot fixtures for stage/podium key lighting, flicker-free.	8	Nos.	5
229	LED Batten – Hall B	Linear LED battens, DMX-controlled, flicker-free.	24	Nos.	5
230	HMI Fresnel – Hall B	HMI Fresnel fixtures for camera key lighting, flicker-free, with barn doors.	12	Nos.	5
231	Blinder – Hall B	Audience/stage blinders, DMX-controlled, flicker-free.	18	Nos.	5
232	Follow Spot with Operator – Hall B	Follow spot fixture with stand and dedicated operator.	1	Sets	5
233	Hazer – Hall B	Hazer for beam-light effects, low-residue fluid.	1	Sets	5
234	Dimmer / Lighting Power Rack – Hall B	Dimmer and power distribution rack sized to the connected lighting load, with circuit protection.	1	L.S.	5
235	Lighting Console – Hall B	Lighting control console with backup unit/show file. Operator listed separately (“Lighting Engineer / Operator – Hall B”).	1	Nos.	5

236	Lighting Power & DMX Cabling – Hall B	Lighting power and DMX control cabling with cable management and on-site spares.	1	L.S.	5
237	Warm LED Flood Light – Hall B	Warm-white LED flood lights (approx. 100–500 W) for audience and hall wash, flicker-free, with rigging.	200	Nos.	5
	Truss / Rigging				
238	Lighting & Speaker Rigging Truss – Hall B	Certified aluminium box truss rig, approx. 42 m × 14 m × 7 m (H), with motorised chain hoists, towers, ballast and rigging, for lighting and speaker rigging. LED wall support under "Centre LED Wall Support Structure & Scenic Surround – Hall B". 1000mmx 1000mm	200	Rmt.	5
239	T-Truss – Hall B	Aluminium T-truss with stable base and safety accessories.	12	Nos.	5
	Technical Console / FOH				
240	Console Platform – Hall B FOH	Technical console platform, 2 Nos. of 10.97 m × 1.22 m, with masking/skirting. Construction: 100 mm thick wooden platform with double-ply top finish, including supporting framework, levelling and complete installation.	288	Sq.Ft.	1
241	Digital Audio Console – Hall B FOH	Digital audio console, minimum 48 channels, with stage box and recording capability; main and backup.	2	Nos.	5
242	Console Table – Hall B FOH	Technical operator table with masking, placed on console platform ("Console Platform – Hall B FOH").	1	Sets	5
243	Console Chair – Hall B FOH	Cushioned operator chair for console positions.	1	Sets	5
	Camera / Broadcast / Media				
244	Media Riser – Hall B	Two-tier modular media riser with carpeted top, skirting and access steps: 6 m × 1.5 m × 6 ft (H) and 6 m × 1.5 m × 4 ft (H). Construction: 100 mm thick wooden platform with double-ply top finish, including supporting framework, levelling and complete installation.	1	Nos.	1
245	DD Camera Riser (4 ft × 4 ft) – Front of Stage, Hall B	Modular camera riser, 1.22 m × 1.22 m × 1.22 m (H), with carpeted top, skirting and access step. Construction: 100 mm thick wooden platform with double-ply top finish, including supporting framework, levelling and complete installation.	2	Nos.	5
246	DD Camera Riser (4 ft × 4 ft) – Seating Sides, Hall B	Modular camera riser, 1.22 m × 1.22 m × 1.22 m (H), with carpeted top, skirting and access step. Construction: 100 mm thick wooden platform with double-ply top finish, including supporting framework, levelling and complete installation.	4	Nos.	5
247	Electrical Power Points – Hall B Media Stage	Electrical power points for media positions on press stage/riser with safe distribution.	25	Nos.	5
248	Media Stage Table – Hall B	Wooden table for media stage/press positions.	3	Nos.	5
249	Media Stage Chair – Hall B	Cushioned chair for media stage/press positions.	20	Nos.	5
250	Media Distribution Team – Hall B	Dedicated media coordination and feed distribution team for press positions.	1	Teams	5
	Seating / Furniture				
251	Dais Chair with Centre Table – Hall B	Upholstered high-back dais chair with armrests, with matching shared centre tables, uniform finish.	12	Nos.	5
252	Premium Double-Seater Sofa – Hall B VIP Seating	Premium double-seater sofa with fabric upholstery, high-density cushioning and finished frame, suitable for VIP/VVIP and premium lounge use. For VVIP front-row seating (approx. 500 pax). In approved colour.	250	Nos.	5
253	Banquet Chair with Cover – Hall B	Cushioned banquet chair with sturdy frame and approved chair cover.	5500	Nos.	5
254	Premium Single-Seater Sofa – Hall B VIP Seating	Premium single-seater sofa with fabric upholstery, high-density cushioning and finished frame, suitable for VIP/VVIP and premium lounge use. For VIP seating. In approved colour.	500	Nos.	5
255	Secretariat Table – Hall B Stage	Table approx. 6 ft × 2 ft × 2.5 ft (H) with frill for secretariat staff.	7	Nos.	5
256	Secretariat Chair – Hall B Stage	Cushioned chair for secretariat staff on/near stage.	14	Nos.	5
257	Table Name Plate – Hall B Dais	Printed acrylic table name plate for dais/head table.	20	Nos.	1
258	Table Tent Card – Hall B	Printed table tent card for dais and reserved seating.	14	Nos.	5
259	Mobile Charging Station – Hall B	Multi-device mobile charging station with universal connectors.	20	Nos.	5
260	Green Room – Hall B	Green room approx. 1,080 sq.ft. with partitions, carpet, seating, mirror, lighting and power points.	1080	Sq.Ft.	1
	Carpet / Flooring				
261	Hall Carpeting – Hall B	600 GSM needle-punch carpet in approved colour, new, laid and finished.	6448	Sq.M.	1
	Branding & Signage				
262	Side Wall Branding – Hall B	High-resolution printed fabric branding on metal support frame, fire-retardant, as per approved artwork. High-resolution 280–300 GSM fabric print, neatly mounted on the specified surface/structure with clean joints and finished edges.	1660	Sq.M.	1
263	Seat Reservation & Block Signage – Hall B	Printed/acrylic seat-back cards and seating-block standees for protocol, delegate and media blocks, as per approved seating plan, incl. relocation during event.	200	Nos.	1
264	3D Standee – Hall B	Free-standing 3D standee for event branding and directional signage.	10	Nos.	1
	Floral & Décor				
265	Stage Floral Arrangement – Hall B	Fresh floral arrangement for stage front and dais (opening ceremony), as per approved design.	350	Sq.Ft.	2
266	Potted Plants (3 ft) – Hall B	Potted ornamental plants approx. 3 ft with decorative planters, maintained throughout.	500	Nos.	5
267	Potted Plants (4 ft) – Hall B	Potted ornamental plants approx. 4 ft with decorative planters, maintained throughout.	2000	Nos.	5
268	Table-Top Flower Décor – Hall B	Fresh table-top floral arrangements for dais and VIP tables.	800	Nos.	5
	Crowd Management				
269	Queue Manager – Hall B	Retractable belt queue-manager stanchions with stable base.	62	Rmt.	5
270	Golden Bollard with Rope – Hall B	Brass-finish stanchions with velvet rope and stable base for VVIP areas.	50	Rmt.	5
	Power & Data Distribution – Hall B AV	**Area heading – priced through the component lines below.**			
271	AV Power Distribution Panel – Power & Data Distribution, Hall B AV	Dedicated AV power distribution panel with protection.	1	Sets	5
272	Isolated AV Earthing – Power & Data Distribution, Hall B AV	Dedicated earthing for AV systems.	1	L.S.	5
	Stage Management & Stage Crew – Hall B	**Area heading – priced through the component lines below.**			
273	Stage Manager / Show Caller – Hall B	Stage manager/show caller for cue management and rehearsals.		Persons	5

Minimum quality / inclusions: Enterprise-grade service; 99.99% target availability; domestic latency <15 ms and packet loss <0.1%.	2	Links	
2102	Internet Links – Secondary LAN (2 × 8 Gbps)	Two duplex 8 Gbps terrestrial internet links for the secondary (official/B) LAN, on separate carriers with automatic failover.	1	Job	6
	Firewall / Cybersecurity				
2103	Next-Generation Firewall (HA Pair)	High-availability perimeter security with stateful failover. HA firewall pair; min. 20 Gbps firewall / 15 Gbps threat-prevention throughput; ≥5M sessions; IPS, application control, anti-DDoS and secure logging. Minimum quality / inclusions: Statutory security compliance; real-time logs with 1-year archival capability.	2	Nos.	5
	Core Switching				
2104	L3 Modular Core Switches	Redundant core switching for event-wide backbone. Dual chassis/stack; ≥1.2 Tbps switching fabric; 10G/40G/100G uplinks; redundant power and MLAG/stacking. Minimum quality / inclusions: All active network equipment to be DoT/TEC MTCTE certified and sourced from approved Trusted Telecom sources.	2	Nos.	5
	Distribution Switching				
2105	L3 Aggregation / Distribution Switches	Managed distribution layer for venue and zone connectivity. 24/48-port SFP+ aggregation switches with redundant power; VLAN/QoS segmentation for VVIP, Media, Public Wi-Fi, CCTV, Registration and Production/AV networks. Minimum quality / inclusions: DoT/TEC MTCTE compliant; suitable for redundant 10G uplinks and event-grade operation.	6	Nos.	5
	Wi-Fi Infrastructure				
2106	Enterprise High-Density Wi-Fi 6 / 6E Access Points	High-density indoor/outdoor wireless coverage for 5,000+ concurrent users. Wi-Fi 6/6E APs; 4×4 MU-MIMO; beamforming/load balancing; PoE+. Coverage across Inaugural, Plenary, Media Centre/Briefing, Exhibition Halls, Cultural Evening, VVIP/VIP Lounges, Registration and Seminar Halls. Minimum quality / inclusions: DoT/TEC MTCTE compliant; RF planning and optimisation to support dense event usage.	100	Nos.	5

2107	Redundant Enterprise Wi-Fi Controllers	Centralised HA wireless control and AP management. Redundant controller pair supporting up to 200 APs and 10,000 clients with seamless AP/controller failover. Minimum quality / inclusions: Enterprise-grade HA, RF optimisation, monitoring and policy control.	2	Nos.	5
	Media Centre Wired LAN				
2108	48-Port Managed L2+ Media Access Switches	Managed edge switching for Media Centre LAN. 48 × 1G RJ45 ports with 4 × 10G SFP+ uplinks; port security and managed access controls. Minimum quality / inclusions: DoT/TEC MTCTE compliant; configuration to include 802.1X / MAC controls, DHCP snooping and storm protection.	28	Nos.	5
2109	Field Distribution Racks – Media Centre	Network racks for local switch and patching distribution. 9U/12U wall-mount and/or 24U floor-standing enclosed racks with rack PDUs and cable management. Minimum quality / inclusions: Secure, ventilated, labelled and suitable for continuous event operation.	12	Nos.	5
	Authentication / OTP / Voucher				
2110	Captive Portal, OTP & Voucher AAA Engine	Central user authentication for delegates, VIPs, press and organisers. SMS OTP for Indian/international numbers plus voucher-based access; role-based bandwidth/QoS profiles; session and device logging. Minimum quality / inclusions: Audit trail to capture authenticated user/voucher, MAC/IP and session timestamps; compliant with applicable DoT/LIM requirements.	1	System	5
	Network Power Backup				
2111	Online Double-Conversion Rack UPS Systems	Backup power for critical core and distribution network equipment. 3 kVA / 6 kVA true-online UPS systems with approx. 60-minute battery autonomy for Core and IDF locations. Minimum quality / inclusions: Supply with batteries, cabling, protection, installation and testing.	1	Job	5
	Cabling / Passive Infrastructure				
2112	Structured Cabling & Media Outlets	Complete wired LAN distribution for media workstations. Cat 6A LSZH cabling with RJ45 keystone I/Os, faceplates, patch panels and patch cords; certified Gigabit connectivity. Minimum quality / inclusions: End-to-end testing, labelling and certification of all points; ANSI/TIA compliant installation.	1100	Points	5
2113	RJ45 Network Points – Official Working Rooms	RJ45 network points connected to the official LAN in each working room, with patching and testing.	8	Nos.	5
2114	Webcast Encoder Network Connectivity	1000BASE-T connectivity for webcast encoders with dedicated VLAN and three video feed inputs per encoder.	1	Job	5
	Network Operations Centre & Technical Manpower				
2115	Turnkey NOC Deployment & Operational Team	On-site Network Operations Centre with continuous monitoring and support. 24/7 NOC with monitoring screens, SNMP/sFlow telemetry, syslog/SIEM capability and certified L2/L3 network engineers; target 15-minute MTTR for edge components. Minimum quality / inclusions: End-to-end supply, installation, testing, commissioning, live-event support, monitoring and decommissioning included.	1	Job	
J	**GENERAL NOTES / MANDATORY REQUIREMENTS**				
	General Technical & Commercial Notes	**Notes – not priced. These notes apply to all BOQ items in this workbook.**			
	General Note – Quantity Verification	*All quantities shall be verified against the latest approved execution drawings before procurement/fabrication. Any discrepancy shall be raised in writing before execution.*			
	General Note – Rate Inclusions	*All rates shall be deemed inclusive of design development, shop drawings, samples/mock-ups, fabrication/rental, transportation, loading/unloading, labour, tools, consumables, hardware, installation, testing, operation, maintenance, dismantling and removal.*			
	General Note – Furniture & Finish Standard	*All furniture and visible finishes shall be high-quality, uniform, clean, stain-free, damage-free and for a Government/VVIP event. Samples/photographs/finish swatches shall be submitted for approval.*			
	General Note – Structural Safety	*All structural items including stages, risers, trusses, gates, scaffolding and suspended elements shall be engineered for actual loads. Load calculations/stability certificates shall be submitted. No unsafe field modification is permitted.*			
	General Note – Fire-Retardant Materials	*All fabric, carpet, drape, print media and décor materials shall comply with venue fire-safety requirements. Fire-retardant certificates shall be produced where mandated.*			
	General Note – Electrical Safety	*Electrical distribution shall be safe, correctly rated, properly protected and earthed, with weather/mechanical protection as applicable. Exposed or loose temporary connections are not acceptable.*			
	General Note – AV Redundancy & Spares	*Critical AV systems shall have adequate redundancy/spares including processors, playback, microphones, signal converters, cables, LED modules/power supplies and other mission-critical components.*			
	General Note – AV Equipment Approval	*All AV equipment shall be /broadcast grade. Proposed make/model and technical datasheets shall be submitted for approval prior to deployment. Equivalent professional brands may be offered subject to approval.*			
	Mandatory Requirement	*LED screens shall be colour/brightness calibrated, camera-safe and operated at a high refresh rate. Dead pixels, visible cabinet lines, colour mismatch or unstable signal will not be accepted.*			
	General Note – Sound Coverage	*Sound system design shall ensure even coverage and speech intelligibility across the stated audience capacity. System tuning and frequency coordination shall be completed before rehearsal.*			
	General Note – Rigging Safety	*All rigging shall use certified equipment within rated safe working loads. Rigging/load plan shall be coordinated with the venue and approved before installation.*			
	General Note – Artwork Approval	*Branding/graphics shall use approved artwork only. Print proofs/colour samples shall be approved before bulk production. All graphics shall be high-resolution, aligned, wrinkle-free and neatly finished.*			
	General Note – Cable Management & Egress	*Cable routes in public/VVIP areas shall be concealed or protected with proper cable ramps/covers. Emergency exits, fire equipment and accessible routes shall remain unobstructed.*			
	General Note – Technical Supervision	*Vendor shall maintain competent supervisors, technicians and operators throughout installation, rehearsals and live event. Adequate standby manpower shall be available for critical areas.*			
	General Note – Maintenance & Replacement	*Housekeeping and touch-up of all supplied items shall continue throughout the event. Damaged, stained, non-functioning or mismatched items shall be replaced immediately at no extra cost.*			
	General Note – Client Approval of Finishes	*Final dimensions, colours, finishes, branding, furniture models and placement shall be subject to organiser/client approval and latest issued-for-execution drawings.*			

	General Note – Brand Equivalence	*Where a specific brand is mentioned, equivalent or superior professional-grade equipment may be proposed subject to technical approval and documentary proof.*			
	General Note – Statutory & Safety Compliance	*All statutory permissions, labour compliance, insurance, safety equipment, PPE and venue-specific approvals relevant to the vendor's scope shall be included.*
